Grassroots How-to-Guide

A few easy steps to build the [Iowa Hospital Action Network](#).

Visit the [IHA Action Center Web site](#), register to receive IHA Action Alerts and use the tools and resources to begin your grassroots outreach at your hospital.

At your next Board of Trustees meeting, urge your board members to visit the [IHA Action Center Web site](#), register to receive IHA Action Alerts and to spread the word outside of the hospital to other community leaders, businesses, family and friends.

Present information at staff meetings and other employee functions at the hospital urging participation in the [Iowa Hospital Action Network](#).

Demonstrate how to use VoterVoice and provide reasons to get involved and show their support for Iowa hospitals.

Print the poster and display it in your hospital's common areas.

Forward an outreach e-mail to hospital staff and post the Web button on your Web site.

Hold "Thank You" events to discuss legislative successes and reinforce the need for grassroots advocacy.

The more support we show for Iowa's hospitals, the stronger our case is to the Iowa Legislature and Congress to oppose any legislation that could threaten the health care we all count on.
