## The latest about COVID-19 from IHA

### State Hygienic Lab requests hospitals provide upcoming presurgical testing volume

The State Hygienic Laboratory is working to determine if they have the capacity to run COVID-19 tests for upcoming presurgical patients. To help determine if the laboratory can meet the demand, they are asking hospitals for the number of patients who will need presurgical COVID-19 tests in the next week. ### Treasury Department issues updated FAQ on PPP; extends safe harbor to May 14

Yesterday, the US Department of the Treasury updated its [FAQ](#) for the US Small Business Administration's (SBA) Paycheck Protection Program (PPP). Notably, the updated guidance extends the safe harbor to Thursday, May 14, giving entities that may have received funds improperly another week to return such funds. The safe harbor was previously through Thursday, May 7.

As a reminder, as IHA [announced](#) Monday, May 4, in its COVID-19 Update, SBA clarified that public hospitals are eligible for the PPP and do not need to have a 501(c)(3) designation if they are exempt from paying federal income taxes pursuant to section 115 of the Internal Revenue Code and meet other PPP requirements. For more information about that update, please see question 42 in SBA's [FAQ](#).

### IHA urges Sens. Grassley and Ernst to support health care work force shortage legislation

To help address the shortage of health care workers in Iowa and across the country, IHA President/CEO Kirk Norris sent [letters](#) to Sens. Chuck Grassley and Joni Ernst requesting their support of the Healthcare Workforce Resilience Act, bipartisan legislation introduced by Sens. David Perdue (R-GA), Todd Young (R-IN), Dick Durbin (D-IL) and Chris Coons (D-DE). The act helps ensure the thousands of foreign-born nurses and physicians overseas who want to practice in the United States are given the opportunity to do so. The act will authorize US Citizenship and Immigration Services to recapture up to 25,000 immigrant visas for nurses and 15,000 immigrant visas for physicians. The act has been endorsed by several organizations including the American Hospital Association and the Illinois Health and Hospital Association.

### CEO update call

The next hospital CEO call is scheduled from 1-2 pm Wednesday, May 13. [Click here](#) to register.

- 11-11:30 am Tuesday, May 12, **Emergency Department Telemedicine Reimbursement COVID-19 Update**. The COVID-

COVID-19 crisis has forced hospitals to create new ways to deliver patient care, especially in the emergency department. The burgeoning telemedicine industry has expanded significantly as hospitals and physicians have used telemedicine to carry out physical distancing and increase access to care. Government and private regulations have been rewritten completely to support this expansion. This rapid evolution has helped keep patients and providers safe while preserving the supply of personal protective equipment. Attend this webinar to learn the latest telemedicine adaptations in the emergency department and understand how to ensure compliant reimbursement and best practices to ensure your hospital's success and survival.
