If historical data is available, it is shown in brown under each applicable question (this applies for each section of the survey). In section’s ‘B’ and ‘C’, you are allowed to ‘fill with last year’s data’ by selecting the link that reads the latter. Section ‘C’ has multiple pages, so this selection should be made for each individual page of that section.

	If you choose to, you can fill with last years data (shaded checkboxes represent last years answer)			
	Please report # Beds that were provided within your hospital and were set up and staffed for use at the end of the reporting period. If you choose to fill with last year data before pushing save and validate make sure all questions have at least one field checked. ‘BACK’ and ‘SAVE’ vs ‘SAVE AND VALIDATE’ - At the bottom of every survey page you will see the buttons ‘BACK’, ‘SAVE’ and ‘SAVE AND VALIDATE’.

The ‘BACK’ button will take you back to the last page you visited after starting the survey. You will be prompted to confirm that your data will not be saved when selecting this option.

After you enter in data and press ‘SAVE’ your data will be saved, and the status of that section or page will show as ‘In Progress’. You will also be advanced to the next survey page.

Clicking “SAVE AND VALIDATE” will save your data as well as check your data for errors. Additionally, when ‘SAVE AND VALIDATE’ is chosen, your responses to the questions will be compared to historical data on our file to determine conflicting responses to last year’s submission. Also, if errors occur, you are given the option to correct the error ‘now’ or ‘later’. If there are no errors, or if you have corrected all errors, then the status of that section or page will show as ‘Complete’. To complete and submit the survey – all validation errors must be answered/corrected.

ERRORS – The homepage of your survey will show if you have errors. You can correct the errors by clicking on the word ‘errors’ which is in red in the sentence that states that status of your survey (this link shows you errors for the entire survey), or you can click on the word ‘errors’ next to the section of the survey reflecting so. Once you are on the error page, you have the opportunity to correct the errors, by clicking the link ‘correct now’, go to the next survey page by clicking ‘correct errors later’, or going back to the survey page you just completed which has errors by clicking ‘back to survey page’.
